Kimberley Facts

Welcome to Kimberley Alpine Resort, which features the best combination of sun and light Purcell powder snow of any resort in Canada! With over 1,800 acres of terrain, 80 named runs and glades, and a variety of ski-in, ski-out accommodations, there's plenty to discover at Kimberley Alpine Resort. The hill offers numerous long, true fall-line runs of all levels, covered with light, dry interior-range powder.

Located in the Purcell Range of the Canadian Rockies, Kimberley offers stunning scenery, and a laid-back, relaxing atmosphere that lets you make the most of your ski getaway. On the mountain, there's newly enhanced beginner's area, exciting long trails for the intermediate skier, and gladdened areas and steep terrain for the advanced skier and rider.

The fun continues into the evenings, where you can enjoy night skiing on weekends, take a moonlight mountaintop snowshoe fondue tour, or listen to live music in the Stemwinder Bar and Grill. Just a few minutes from the resort is the city of Kimberley, known as the "Bavarian City of the Rockies". Enjoy all the shopping and dining in the quaint German-themed Platzl.
